Summer School

Our Summer School program is a four week program running from June 30th - July 25th. Please note there is no class on Friday, July 4th, 2008.

Children are divided by age group and the basic academic skills are kept fresh during the summer months for the particular age group. A qualified teacher is assigned to each age group and in addition to the core curriculum of mathematics and language arts, all students will have daily computer instruction. Age groups are based on the child's grade for the 2008/2009 school year (next year).

Age Groups:

- Kindergarten and First Grade: At this grade level, reinforcement of basic skills including Math and Language Arts are covered.
- Second and Third Grade: The goals of this age group are to review reading, comprehension, and vocabulary, along with accuracy and understanding of all Math concepts.
- Fourth, Fifth & Sixth Grade: The focus of these grades is to improve and enhance Math and Language Arts skills through reading, writing, and daily math problems.
